

**REMARKS**

Favorable consideration and allowance of the claims of the present application are respectfully requested.

In the present Official Action, Claims 11-20 which are present in the above-captioned application have been subjected to a restriction under 35 U.S.C. §121 as follows:

- I. Claims 11-13, drawn to a method, classified in Class 438, subclass 478; and
- II. Claims 14-20, drawn to a T-Gate MOSFET, classified in Class 257, subclass 1+.

As indicated, and in order to be fully responsive to the restriction requirement imposed in the present Official Action, applicants provisionally elect, without traverse, to prosecute the subject matter of Group II, i.e., Claims 14-20, and reserve the right to file one or more divisional applications directed to the non-elected subject matter in this application, i.e., Claims 11-13.

Wherefore, consideration and allowance of the claims of the present application are respectfully requested.

Respectfully submitted,
